Discover the VGrow Difference

Why Vgrow?

Fits Anywhere

Compact design makes sure you can place anywhere in your room, living room, kitchen and so on.

Why Vgrow?

Sleek and Discreet

Nice design, looks like a furniture in the room, keep your grow low-key, and protect your privacy.

Why Vgrow?

All-in-One Convenience

Don't need to worry about how to set up your grow system by yourself. Vgrow includes all necessary equipment which can control light, water, air, nutrients, temperature and humidity.

Why Vgrow?

Smart Growing, Made Simple

Whether new or experienced, VGrow's intuitive app and Grow Pilot ensure a successful, enjoyable grow.

The smartphone overlay displays the Vgrow app interface for a user named Michael Jane, showing the following data:

- My Garden >**
- Michael Jane**
Vegetative | Week 2, Day 1
- 2 actions for today**
- Environment**
- Inside:**
 - 71.2 °F (Temperature)
 - 37.0 % (Humidity)
 - 0.71 kPa (VPD)
- Outside:**
 - 71.2 °F (Temperature)
 - 37.9 % (Humidity)
 - 0.78 kPa (VPD)
- Grow Pilot:**
 - 80% (Cycle)
